The News.

In the House of Representatives, yesterday, the French Spoliation Bill was postponed till January next. The rest of the session was mainly occupied in discussing Fillibusterism and Central America.

At the Charter elections in Indianapolis and Lafayette, yesterday, the Republicans achieved a brilliant success.

Our Legislature is rapidly closing up its work. The bill for a Convention to revise the Constitution was killed yesterday and the Chappel Bribery case discussed.

Gen. WALKER has written a letter denouncing as untrue, the statements made by Senator SLIDELL about the Filibustering acts of the former.

The People of Prairie du Chien and vicinity have been much exercised by the depredations of a gang of rascals, and have given them a taste of Lynch Law.

The New York Market yesterday, was dull at a decline. In our own market, transactions were light and prices for wheat declined 2a3 cents.—The wind still holds at North-East, enveloping our city in fog and mist and drenching it with frequent and heavy rains.

THE FINANCIAL SWINDLER AT BUFFALO.—The sharper who set up in the banking (!) business here for a day or two not long since, and swindled one or two parties, has, it seems, been operating at Buffalo. We copy from the *Express* the following account of his doings while there. The advertisement, it will be seen, agrees word for word with the one which the fellow calling himself "Chandler" had inserted in the papers here, and was no doubt written by the same indivividual. The *Express* of Monday says:

Our paper on Saturday contained the following advertisement:

$30 TO $40 PER MONTH.

WANTED—An active, industrious young man, to engage in a pleasant and profitable business, one who can command $150 to $200 cash, can make arrangements on very favorable terms.—None others need apply. Call at Pratt's Bank Office, 139 Main street, under Mansion House, after 9 A. M.

In the course of the day a couple of industrious Germans saw the announcement; and as the opening looked like a good one they separately resolved to pay their respects to the incipient banker. No. 1, who possessed the requisite capital, called at the Pratt Bank, and found the author of the advertisement, who had possession and was apparently making preparations to open a large banking house. After some conversation our German friend thought he smelt a rat and left. Shortly afterwards No. 2 made his appearance, and after some negotiation was duly installed as banking house porter, in consideration of which he loaned his employer $40 in cash (all he had with him) and his bank book, in which was a balance in his favor of some $60 on deposit in the Savings Bank. The Banker took the money, and after setting his porter to cleaning out the rooms, threw the bank book into a drawer, and leaving word that he would return in a few moments, stepped out. The porter finished his task and waited for the return of his employer. Hours passed away, and he came not. At last, as the shades of night began to fall, our German friend No. 2, also began to smell a rat, and after considerable seach came to the conclusion that he had been swindled to the extent of $40, which was paying pretty dear for one lesson in banking, but which hundreds have paid before him. The bank book was found all right, with the deposit undrawn, but the banker, we regret to say, at the latest date had not been found, and ere this is probably out of the reach of pursuit.

WISCONSIN LEGISLATURE.

MADISON, May 4.

SENATE.—Bills Introduced—A bill for an act concerning the school fund income for 1858. A bill for an act to limit the rate of interest.

Mr. Davis reported on the Bashford expenditure of the contingent fund.

Messrs. Proudfit and Bean presented a minority report from the committee on State affairs, adverse to the bill for the removal of the State Capitol.

Mr. Davis presented a minority report from the same committee, with a substitute for the bill.

A letter was read from Mr. Chappell, in which he asserted his innocence of the charges against him.

Mr. Hanchett offered a resolution instructing the committee on the bill to remove the Capital, to strike out Portage City in the bill and insert Stevens Point. Adjourned.

MADISON, May 5, 9 A. M.

The Lieut. Gov. in the Chair.

The Chappell Investigation—The resolution offered by the Chappell Investigating Committee, was considered.

Mr. Cook, from the minority of the committee offered three resolutions as a substitute.

Mr. Sunderland, of the majority, raised a point of order, whether three resolutions could be offered as a substitute for one.

Mr. Cook argued that the substitute was perfectly in order.

The resolution of expulsion should have been divided into three, as three specific charges were made. He saw no impropriety in the motion he had made.

Mr. Greulich said this is similar to an inquiry by a judge, each charge should form the subject of a separate resolution.

The point of order was argued at considerable length.

The motion to substitute the minority for the majority resolution was withdrawn.

Mr. Cook, as he had differed from the majority of the committee, defended the position assumed in his report at considerable length.

MADISON, May 4.

ASSEMBLY, 7½ P. M.—Assembly had a session of two hours, and considered several bills, without taking action on the same.

Adjourned.

ASSEMBLY—9 A. M.—Petitions—Remonstrance of citizens of Waterloo against the formation of the county of Clay, and division of Jefferson county.

Remonstrance of citizens of Juneau County, against removal of county seat.

Resolutions Introduced—Instructing the officers to certify to the per diem of the officers and clerks during the recess.

Bills Passed—To amend Section 5 of Chapter 135, "Laws of 1856," relative to assessment of highway taxes in Fond du Lac county; to provide for the instruction of the Deaf, Dumb and Blind; to incorporate the city of Pepin; to amend an act "To revise and continue in force the act to incorporate the Beloit, Janesville and Fulton Railroad Co.

The bills for a Convention to revise the Constitution of the State, and for a State Geological survey were killed. Adjourned to 7½ p. m.

More War in Kansas.

[Special Correspondence of the Chicago Journal.]

LAWRENCE, April 27, 1858.

A word of news is of the further progress of matters at Fort Scott. A few nights since, a gang of ruffians, headed by Brockett, of the Fort, made a midnight attack upon the inhabitants along the Marmaton. A Mr. Oakley was fired at several times, and two of his horses taken.—He has been an active Free State man, and lived in this county during the Shannon war. A messenger came at once to Lawrence for aid.—A war council has been held, and Gen. Walker and Lieut. Abbott, of the 7th Regiment, are already on the way to the Fort. We shall see what we shall see when they get there.

VIGIL.

TO CLEAN GLASS.—Common newspaper is one of the best articles. The chemical operation of some ingredient of the printing ink gives a beautiful polish. Slightly moisten a piece of paper; roll it up and rub the glass; then take a dry, soft piece and repeat the process. No lint will remain as in the case of using cloth.

Since the last annual report, the rooms of the Association have been changed, and the present library and reading room have been opened to its members. There can be no doubt that, although the change has involved considerable additional expense, the improvement has been substantial, and that the Association is daily reaping the benefit of a step, which was adopted with some hesitation and doubt, but which the very considerable increase of membership, and the evident increase of interest in the Association, now show to have been well taken. For present purposes our rooms are ample and convenient; but let us hope that the day is not far distant when our institution may be able to fill a still larger place in the public eye, and when the halls of the Young Men's Association shall be among the first attractions of our city.

During the past year also, a material change has been made in our Reading Room, and in addition to the Reviews and Periodicals that have for a long time had place on its tables, the leading newspapers of various cities of the United States and Canada, have been regularly received and placed on file, and the room has been open to members daily from 7½ A. M. till 10 P. M. It was the hope of the Directors that it might thus become the general reading room for the business men of the city, as well as the quiet resort of men of leisure; and although its success in this particular has not been as decided as was wished, it is still believed that the newspapers should be renewed and continued, and that special effort should be made to let it be understood by business men, that in the Reading Room of the Association, the leading newspapers of the country are received *regularly*, and at the *earliest dates*, and that the room is open at convenient hours.

With the increase of duties incident to the changes spoken of, it became necessary for the Board to obtain a librarian to take the place of our former worthy and most faithful officer, Mr. Bilton, whose health and strength were not sufficient for the labor, and they have considered themselves fortunate in securing the services of one so well qualified to the place as our present librarian, and the Board cannot doubt that the members of the Association feel that the salary now paid, though larger than heretofore, is money well expended.

During the past year, there have been added to the Association one hundred and forty-two yearly members and seventeen life members. This is probably a larger increase of membership than has been made in any year since the first of the existance of the Association. But much remains to be done. There is no good reason why the Young Mens' Association of Milwaukee should not number its thousands instead of hundreds. It is suggested as worthy of consideration whether some method cannot be devised to bring into the Association more members from among our German citizens who constitute so large a share of our population.

To meet the indebtedness incurred by the change of rooms and enlargement of accomodations, the board found it necessary to make a special effort to obtain life members of the Association. They are happy in being able to state that their efforts were entirely successful, and they wish here to tender their thanks both for themselves and on behalf of the Association to those gentlemen, who generously responded to the appeal of the Directors, and joined the Association as life members and by their payments, freed the Association from a debt which might have been embarrassing.

It is believed that the present membership is sufficient, if the dues are promptly met, to sustain the Association on its present basis. It is hoped, however, that such an increase of its members may soon be made that its usefulness and attractiveness can be greatly increased. We do not believe that any step will be taken backward.

The increase of the library since the publication of the former catalogue rendered an additional one necessary, which was accordingly prepared by the Board, printed in convenient form and has been in use during the year.

It is proper that no nothing should be said on the subject of lectures. It is true that one of the declared objects of our Association is "the instituting of literary and scientific lectures;" but, as has been before said, that purpose of the Association does not require, nor do the members expect that the Board will embark in any scheme of lectures which would involve expense without provision for its payment. However grateful it might be to a board of Directors, or as individuals, to be the means of furnishing to our noble city courses of valuable lectures, they must always be limited by their means of sustaining them. It had become obvious to the present Board, from very considerable experience, that no lectures could be made self-sustaining the past winter, unless obtained from persons of marked notoriety. Unavailing efforts were made to procure such lecturers, and the idea of a course was reluctantly abandoned.—To test the matter by actual experiment, one of the most successful of the lecturers who visited Chicago the past season, was brought here, and no proper effort was spared to make that lecture a success. It resulted in a loss, and the Board felt that the debt already incurred in the change of location and refitting of library and reading room, was as much as they were authorized or would be expected to undertake, and they are happy this evening in being able to report the Association free from debt.

Other objects than lectures are embraced in our charter. Among them is the establishing, and maintaining a Library and Reading Room; and to these the attention of members, and to those not members is particularly invited.

Our plan also contemplates the maintaining of societies for oral debate and written essays.—Formerly considerable attention was devoted to these departments, and with some success, but the apparent interest having ceased, the present Board took no steps to revive them. It is believed that attention should be again given to the subject, and that good can be done.

The Association is indebted to Senators Durkee and Doolittle, and to Dan'l Wells, jr., and J. F. Potter, for many valuable works presented to the Library; also to Col. Graham of the U S. Topographical Engineers, for a copy of his work on the Commerce and Harbors of the Western Lakes; also to the proper department for report of U. S. Coast Survey for 1856, and to the New York State Library for volumes of Colonial History, and to Hans Crocker, I. A. Lapham, and John Hepburn, of this city, for miscellaneous works.

We now surrender our charge, but by no means our deep interest in the welfare of the Association.

In behalf of the Board of Directors.

J. R. BRIGHAM, Pres't.

Milwaukee, May 4, 1848.

An Important Decision to R. R. Co's.

Circuit Court, Milwaukee County: Thomas B. Chamberlain *vs.* The Milwaukee & Mississippi R. R. Co.

This was an action brought by the plaintiff against the defendant to recover for injuries which he alleged he had sustained while on the cars of the defendant. The principal facts of the case were as follows: In the spring of 1856 the plaintiff was in the employ of James Holton & Co., as express agent. By a contract existing between Jas. Holton & Co., and the defendants Holton & Co., had the right to do an express business over the road of the defendants, and this contract included their right to send out their agent with the express matter on the trains; that on the 23d of May, 1856, the plaintiff, as he alleged, was on the train of the defendants in his capacity as express agent, and that the engineer, when leaving the Eagle Station, did not sound the whistle, ring the bell, or give any signal on starting up the train, by means of which the plaintiff was thrown off the car by the sudden movement of the train, and fell under the wheels, and his arm was so broken, that it became necessary to amputate it. The plaintiff claimed, as damages, twenty thousand dollars.

On the part of the defendants it was contended, that the plaintiff, prior to the train leaving Milwaukee, had entered into an agreement, for pay, to act as brakeman on the train for that trip, and that in pursuance of such agreement, the plaintiff entered upon the discharge of his duties as brakeman, on the starting of the train from Milwaukee, and continued to so act, and was so acting, at the time he received the injury. The case was tried at the January term of the Circuit Court, before his Honor Judge McArthur, by J. S. Brown and H. L. Palmer for the plaintiff and H. M. Finch for the defendants.

The court among other things charged the jury that if they found from the evidence that the plaintiff made an agreement, for a consideration to be paid, to act as brakeman on that train, for that trip, and that in pursuance of such agreement he did act as brakeman, and was acting as brakeman at the time he received the injury, and that he received the injury by or through the carelessness or negligence of the other servants of the defendant on the same train, that then the plaintiff could not recover, and their verdict must be for the defendant, upon the principle that one servant or employee has no right of action against the principal for an injury which he receives by or through the carelessness or negligence of another servant in the employ of the same principal and in the same services.

The jury, under this charge, found a verdict for the plaintiff, and accessed his damages at *seven thousand five hundred dollars*. The defendant filed a motion to set aside the verdict, on the ground that it was contrary to the law as laid down by the court, and entirely against the evidence. The motion was argued fully by the counsel on both sides, and on last Saturday morning, his Honor Judge McArthur, after a full and careful review of the whole case, granted the motion and set the verdict aside.

POLICE COURT—YESTERDAY.—Hiram Yagle and C. L. Stauble, were fined each a dollar for being intoxicated.

Sophia Len, John Segor, John Schulty and F. Troher, were arrested by a constable on a charge of disorderly conduct. Upon an examination of the case before Judge Walworth, the affair appeared to be rather a family disturbance than otherwise, and the parties were discharged with the advice not to be found quarrelling again.

H. McCowen was brought up on a charge of brutally kicking an old woman in the abdomen. It seems that he had been accused of stealing a watch from the individual upon whom he committed the assault, but upon being tried was acquitted. He then went to the house of this woman, and demanded to be reinbursed to the amount which the suit cost him, and being refused, he maltreated the woman in this unmanly way. He was convicted of the charge, and sentenced to forty days imprisonment in the county jail.

Charles Sance was arrested on a charge of committing an assault and battery upon a woman, but was discharged for want of prosecution.

George Spinty, charged with being disorderly, was discharged.

George Spindle, convicted of an assault and battery upon Anna Sevin, was fined $5,00 and costs.

AN UGLY HORSE.—Down near the lower end of East Water street, yesterday afternoon, we saw a man mount a horse, which it presently appeared was what might well be called an *ugly* animal. The rider had no sooner got astride of him, than he reared up in an almost perpendicular position, and then dropped over backwards, falling partially upon the rider. The man was taken up and carried into a store, but though badly bruised he was not seriously injured. His name was Mahon, and he resides at Oak Creek. With some assistance he soon mounted the horse again, and the beast being somewhat tamed by the fall, went off quietly. The mud was about six inches deep when the accident happened, and both horse and horseman, got pretty thoroughly bedaubed with it.

DEATH OF J. D. WHITNEY.—The *Sentinel* of this morning contains an account, from an Oshkosh correspondent, of the drowning of this young man, ascribing it to suicide. We are assured that this is a mistake, the evidence going to show that the drowning was accidental. The deceased was a relative of Caleb Wall, of this city, by whom the body was reclaimed, and from whose residence it was buried.—*Free Democrat of last Evening.*

We are also informed, on reliable authority, that all the circumstances connected with the sudden death of Mr. WHITNEY warrant the belief that it was the result of accident, and not of design. Those who were last with him, on the evening when he was drowned, represent that he was entirely himself and under no excitement of any sort to induce self-destruction.

MUSICAL SOCIETY ELECTION.—At the annual election of the Musical Society, held on Tuesday evening, the following gentlemen were elected officers for the ensuing year:

President—JACOB MAHLER.
Vice President—CHARLES F. ILLSLEY.
Secretary—EMIL NEYMANN.
Treasurer—CHARLES KUPPER.
Music Director—H. BALATKA.
Managers—F. W. HORN, C. FRENEKE.

SUPPOSED SUICIDE.—It has been ascertained that the body found in the Menomonee, on Sunday morning, was that of a young Hollander, named William Kallawood. He had, until quite recently, worked in Pierce's match factory, and an uncle of his resides in the 9th Ward. His parents live in some part of Michigan. He went to several of his friends a few days before he was missed, saying that he was going away, and that he would not see them for a long time if ever.

MILITARY.—At a regular meeting of Company "B," Milwaukee Light Guard, held at the Armory May 4th, '58, the following Officers were elected:

First Lieutenant.—GEORGE K. KIMBALL, *vice* H. R. BOND, resigned.
Second Lieutenant.—WILLIAM L. HINSDALE, *vice* C. P. FOOTE, resigned.
Third Lieutenant.—THOMAS JOHNSON, *vice* W. L. HINSDALE, promoted.
Orderly Sergeant to fill vacancy.—GEORGE H. STEVENS.
2d. Sergeant—L. T. NICHOLS.
3d. Sergeant—JAMES S. JOHNSON.
4th Sergeant.—ROBERT DAVIS.
1st Corporal.—JAMES B. BAVIS.
2d Corporal.—J. H. CAMPBELL.
3d Corporal.—CHARLES TRAINER.

Common Council Proceedings.

MAYOR PRENTISS PRESIDING.

An adjourned meeting of the Board of Councillors was held last night.

Upon calling the roll, all the members answered to their names with the exception of Messrs Heinemann, Laubenheimer and Tesch.

On motion of Mr. Hadley, the reading of the proceedings of the previous meeting was dispensed with.

Petitions and accounts were presented and referred in the usual way.

Among the former, one asking the release of F. Dupoint from jail, in consideration of his age and bad health, was referred to the Committee on Police.

After the roll had been called, Councillors Heinemann and Tesch came in.

Mr. Hadley presented a remonstrance of certain citizens against the abolition of the office of Wood and Hay Inspector, which, on motion of the gentleman presenting it, was laid upon the table for future reference.

A discussion arose as to the manner of approving of accounts.

Mr. Hadley thought it would be well, after an account had been approved of by one Board, to have it sent to the Comptroller before bringing it before the other. It would make it necessary for the Comptroller to exercise more responsibility than he should if the account had been passed upon by both Boards.

The Mayor, however, read the 27th section of amendments, which provides that accounts after being allowed by the Council, are to be referred to the Comptroller.

The Select Committee to whom was referred the matter of conferring with the Comptroller and Mayor, as to the best manner in which provision could be made to sustain the city credit, reported a preamble and resolution recommending that the Mayor and Comptroller be requested to proceed to New York at their earliest convenience and make such negociations and financial arrangements, and select a proper banking house as agent for the city, as shall be necessary to restore and preserve the honor and credit of the city, and that they be authorized to take such measures as shall be necessary to attain this end.

The resolution was adopted—all but Councillor McCormick voting in the affirmative.

The Committee also reported an ordinance, for the issue of $100,000 in city bonds for the payment of debts contracted previous to the 6th day of April, 1858, and the same to be put in the hands of the Mayor for disposal at his discretion, and also authorizing the Mayor to procure the bonds to the amount of $85,000 now in the Ocean Bank, New York, also to be disposed of in liquidation of the old debts as above.

On motion of Mr. Hadley, the rules were suspended and the ordinance taken under consideration for its immediate passage.

Mr. Lapham thought the ordinance ought to be more fully considered. Two sections of it he considered defective, and would urge that one of them be stricken out, and offered a substitute for the other. The section to which Mr. L. objected to, authorizes the Mayor to place these city bonds, or a portion of them, in the hands of some reliable party in New York, as collateral or security for money which it may be necessary to raise.

Mr. Hadley explained at some length the necessity of retaining this section, when the ordinance passed by the following vote:

Ayes—All but Buening, Lapham, McCormick and Vogel—fourteen to four.

The ordinance will go before the Board of Aldermen at their next meeting for their consideration.

An ordinance to regulate the sale of hay and wood, which passed the Board of Aldermen, was brought up for consideration.

On motion of Mr. McCormick, the ordinance was laid upon the table.

A resolution, which had been adopted by the other Board, to authorize legal proceedings for the collection of taxes, was read, and adopted by the Board of Councillors.

A resolution that the joint local committees of the several wards be instructed to take charge of the furniture, ballot boxes, &c., in the offices of the Street Commissioners, was adopted.

The Chair submitted a communication from the City Attorney, asking the Council to procure a suitable office for the transaction of the business of the city.

On motion of Mr. Waldo, a select committee of three was appointed to whom the matter was referred.

The resolutions and other measures adopted by the Board of Aldermen were brought before the Board of Councillors for their concurrence.

The resolution to discharge F. LeRose from jail was concurred in.

The ordinance fixing the license was then taken up.

Mr. McCormick moved to amend the ordinance by changing the amount from $50 to $15, which was carried by a vote of 10 to 8.

Mr. Heinmann moved a reconsideration of the vote, which was lost.

The ordinance was then put upon its final passage, under suspension of the rules, and lost by a tie vote.

An ordinance amending an ordinance to regulate hackney coaches, &c., changing the stand in the 7th Ward from Mason to Main street was taken up.

A remonstrance against the adoption of this amendment was read, and the ordinance laid over under the rules.

A resolution to issue a city order to J. Kneeland for the amount of $32,40 for bill of costs against the city, was referred to the Committee on Judiciary.

An ordinance amendatory to an ordinance to permanently establish grade of certain streets in 1st Ward, passed in 1858, was taken up.

Mr. Hadley moved that the ordinance be referred to the joint select committees of the 1st, 7th Wards, which was adopted.

A long communication from the Street Commissioners, was upon motion of Mr. Hadley, laid upon the table until the next meeting of the Board.

A communication from the Street Commissioners in relation to the 9th Ward water nuisance, was referred to the joint committees of the 6th and 9th Wards.

The resolution to open Centre or Teutonia streets, was referred, on motion, to the joint committee of the 9th Ward.

The Chair laid before the Board a number of accounts from the Comptroller's office, which on motion from Mr. Hadley, were referred to the respective committees.

An ordinance amendatory to the hack, coach and dray ordinance, was presented by Mr. Bond, which was laid over under the rules.

The Chair returned the resolution adopted by both branches of the Council, specifying the form of blank city order, with his objections to the same.

An ordinance to establish fire districts and regulate fire alarms was presented by Mr. Hayden, and unanimously passed.

1st. District consists of all that portion of the city, east of the Milwaukee River and North of Oneida street.

2d District West of the River and North of Chestnut street.

3d District East of the Milwaukee River and South of Oneida Street.

4th District, west of the Milwaukee River and north of the Menomonee, and south of Chestnut street.

5th District, all south of the Menomonee and Milwaukee rivers.

A resolution was adopted, instructing the Rail Road Committee of the two boards acting jointly, to enquire why the interest on bonds, issued to Milwaukee & Superior and Mil. & Watertown Rail Roads were not paid.

After the transaction of some other business of minor importance, the Board adjourned.

Young Men's Association.

The Annual Election for Officers of the Young Men's Association took place yesterday, and was the most spirited contest they have ever had. There were three tickets in the field, Regular, Opposition and Independent. Nearly 200 votes were polled—being largely in excess of any previous vote—and upwards of fifty new Members were added to the Association during the day. As far as canvassed when we left the Association Rooms last evening, the vote stood as follows:

For President—A. C. MAY, 132; F. H. TERRY, 62.

For Vice President—N. C. GRIDLEY, 82; BYRON PAINE, 77; JNO. A. SAVAGE, JR., 86.

For Treasurer—J. L. SPINK, 109; C. O. BELDEN, 86.

For Secretary—W. G. FITCH, 78; WILLIAM WELLS, 72; F. A. EASTMAN, 45.

RENTS AND MORTGAGES.—J. S. Fillmore has a good house adjoining St. Pauls Church, and two on Milwaukee street. Also one on Michigan street. He wants to buy a good Mortgage of $1,000 having six to twelve months to run.

EMERSON'S MAGAZINE AND PUTNAM'S MONTHLY.—We have received this periodical for May from the publishers, Messrs. OAKFIELD & CO., N. Y.—The present number contains some interesting articles. It is for sale by booksellers generally.

FIREMEN'S PARTY.—The members of Engine Co. No. 5 give a party at the Republican House on Friday evening, the 18th inst. Tickets 50 cents.

The produce market, yesterday, was down, and dealers looked decidedly blue. Prices, it will be seen, have declined materially, and we heard of but few sales, even at these low rates. The weather was unfavorable for the transaction of business of any kind, which, together with discouraging news from abroad, quite checked excitement in our market. Upon the receipt of the last European news, the markets throughout the whole country, we notice, declined considerably. Fair receipts yesterday. We quote:

LATEST NEWS!

BY MAGNETIC TELEGRAPH.

Congressional.

WASHINGTON, May 5.

HOUSE.—Mr. Clingman, of N. C., from the Committee of Foreign Affairs, reported a French Spoliation Bill, it being an exact copy of the one vetoed by President Pierce. He has been instructed to ask for a postponement of the subject until the 19th of May.

On motion of Mr. Shorter, of Alabama, the consideration of the subject was postponed until the first Monday in January next, by 66 against 60.

Mr. Clingman addressed the House on the subject of the report which he made yesterday, concerning the capture of Gen. Walker, maintaining that the arrest was without authority of law, as we cannot introduce troops into a foreign jurisdiction.

The act of Commodore Paulding, in its effects was calculated to aid British, and not American interests.

He held that we ought to exercise influence in Nicaragua, to secure the right of way, and trusted that the treaty-making power of the U. S., will not allow any regulations to be made, by which our interests will be damaged.

It is stated he said that a steamship company in New Yoak has a sole right to carry passengers, and Yrissarri has issued a proclamation that persons shall travel in or by no other line. Could any such restriction be placed on American citizens, and were they to submit to an enormous monopoly, granted by a country containing not more than half a million of people, and they mostly Negroes and Indians? After speaking of the non-fulfillment of the Clayton-Bulwer treaty, he said that the best mode of getting rid of all attending difficulties, was to abrogate it. We have been eight years in negotiating with Great Britain, and have obtained nothing from her, as to which shall control Central America, Great Britain or the United States.

He argued that we had the best claim. We have now on the coast of Africa a squadron in connection with Great Britain to suppress slavery; and yet Great Britain is transporting other races to other Islands, under pretence of laborers. Is this mockery? We might at least protest against this system if we are are prepared to stop the traffic. He was mortified at the fact that American citizens of St. Domingo are protected by the British Consul. Was it difficult for the Secretary of the Navy to get a ship to send thither? It was bad enough to submit to the insults of white people but worse to those of free negroes. He hoped that the example set at Greytown would be followed in this case, and that there would be a reform generally in these respects.

The administration has not yet had an opportunity to show its hand on Foreign policy, but from the antecedents of the President and Secretary of State, we have a right to expect better things.

Mr. Giddings inquired whether he understood Mr. Clingman to advocate the annexation of Cuba.

Mr. Clingman replied, that he would be very glad to see Cuba annexed to this country on any fair terms; we ought to have taken it after the Black Warrior affair. Its annexation would put an end to the Coolie and African trade.

Mr. Davis made enquiry whether the resolution reported from the committee on foreign affairs proposed the abrogation of the Clayton Bulwer treaty by proclamation, or through negotiation.

Mr. Clingman—The President says it ought long ago to have been abrogated. He (Clingman) believed the present British Cabinet was tired of the complication, having its hands full of other important matters. He knew very well that there was a disposition on its part to have the treaty abrogated on fair and honorable terms, and he believed the Executive could have it done at this time.

The House then resumed the consideration of the Senate bill for the admission of Minnesota into the Union.

Messrs. Davis, of Maryland, and Anderson, of Missouri, opposed the bill on the ground of its permitting alien suffrage.

Mr. Reagan, of Texas, maintained that there was no power in Congress to say who shall be the electors in a State.

The consideration of the bill was postponed until to-morrow, and the House went into Committee on the Legislative, Judicial and Executive appropriation bills.

The proceedings were dull, and at the conclusion the committee rose and the bill was reported to the House. The House then adjourned.

SENATE.—The morning hour was occupied in the consideration of private bills relating to California.

A joint resolution, of which Mr. Seward was the author, giving three years full pay of her deceased husband to the widow of Capt. Herndon, amounting to $7,900, was taken up.

Messrs. Iverson, of Georgia, and Slidell, of Louisiana, paid a warm tribute to the calm courage of Capt. Herndon and hoped to God his case would be made a precedent for American officers.

Mr. Seward said, that Mrs. Herndon brought this matter to his notice, and in bringing it before the Senate, he was influenced by the incident that the last that was known of the gallant officer, was that he sent by a rescued passenger his watch to his wife, that being the estate he left her. The resolution passed, ayes 32, nays 8.

The following were the nays:—Clay, Green, Hunter, Johnson, of Tenn., Johnson, of Ark., King, Slidell and Toombs. There were 21 absentees.

The bill for the repeal of the fishing bounties was taken up.

Mr. Hamlin, of Me., being slightly indisposed, the subject was postponed until to-morrow.

Mr. Hunter called up the West Point Academy appropriation bill.

Mr. Hale, of N. H., said the Academy was useless and a nuisance, and that a better Gen. could be got out of a New Hampshire lawyer, Franklin Pierce for instance, who so far outstripped the West Pointers, that it made him President.

Mr. Houston, of Texas, said that President Van Buren was a West Pointer, but it was doubtful if the caricature of a West Point education would be needed for every officer of the army. Too much attention to military details made martinets rather than soldiers.

The bill passed, 22 against 9. The following are the dissentients: Messrs. Doolittle, Durkee, Hale, Harlan, Johnson, of Tenn., Pugh, Trumbull and Wade. Mr. King, of N. Y., was absent. Mr. Seward voted aye.

Mr. Benjamin submitted a resolution, which was adopted, asking for information from the President as to what steps had been taken for the protection of the American commerce at Tampico and other ports of Mexico, during the present distraction in the country.

Mr. Fitzpatrick, of Alabama, from the Military Committee, reported adversely on numerous memorials, asking for the further equipment of the U. S. Militia.

The Vice President notified the Senate of the resignation of Senator Biggs, of N. C.

Mr. Mason's resolution in regard to Paraguay was then taken up, and a vote called on.

Mr. Collamer's amendment, precluding the President from using force, was lost, 25 against 15.

The resolution was then passed in its original form.

On motion of Mr. Douglass, the bill for the admission of Oregon was read.

Mr. Mason, of Va., was ignorant that Oregon possessed sufficient population, or can afford to pay the charges of a State Government.

Mr. Douglas said the vote on the Constitution was 7,000 which would indicate 55,000 population, although it was probably more, and doubtless 10,000 more than the number with which we admitted Kansas.

Mr. Seward—Did I understand the Senator to say that we have admitted Kansas.

Mr. Douglas—I will answer the Senator very unequivocally. So far as this Congress is concerned we have admitted Kansas, if she desires to come in under a bill, then our action is final and conclusive. If she does not so desire, then we have not.

Mr. Seward indulged in a quiet laugh, but made no reply.

Mr. Gwin said a few words in favor of Oregon, as a law abiding and respectable territory.

Mr. Seward said that the Oregon Constitution has a clause excluding from the Territory persons of African descent, although free. Great as his objections were to voting for the admission of a State with any such provision, yet Oregon is an old settlement, inhabited by an industrious and respectable population, and it is not good to retain colonies or territories in a condition of pupilage longer than necessary. There are States whose admission he would not vote for with a million of inhabitants, and others he would vote for with 50,000. He would vote to admit Oregon.

Mr. Benjamin, of Louisiana, would admit Oregon, but in future would demand that a census be taken before the admission of a State.

Mr. Fessenden, of Maine, objected to the admission for the reason that negroes are citizens in Maine, equal with whites, and the Constitution of Oregon denies their entering into that State.

Mr. Trumbull, of Illinois, was opposed to the admission for reasons which he stated at some length, and moved that the subject be postponed till December.

Mr. Wade, of Ohio, drew attention to the clause that classes Chinamen with negroes.

Mr. Wilson, of Mass., said that Massachusetts would welcome free Oregon, and would expect him to vote for it, but at the risk of censure even from his personal friends, he would refrain.—There was a clause in the Constitution which he considered unchristian and inhuman. He showed the injustice which would arise to colored sailors landing in Oregon, and made a spirited defence on the part of the 8,000 colored population of Massachusetts, which part of his speech was not very reverently received by the Southern Senators.

Mr. Iverson would also vote for a postponement, because we have no data showing a sufficient population.

Mr. Mason thought the free states were becoming wiser in preventing the contamination of free negroes, in that respect imitating Virginia. Dear experience was beginning to teach the African race who were their friends. So many negroes were applying to return to Slavery that Virginia and Texas have been compelled to provide means to permit them to do so.

Mr. Green briefly explained that the population of Oregon was sufficient, inasmuch as there were 10,000 inhabitants on the poll list.

Mr. Brown made some facetious remarks offering to let Massachusetts and New York have as many free negroes as they wanted.

Mr. Hale drew attention to the treaty with China as at variance with the exclusion of Chinamen from civil rights. He also claimed for New Hampshire the earliest abolition of slavery, which he said took place in 1775. He would not vote for the admission of Oregon, with this Constitution, this side of eternity.

THURSDAY MORNING, MAY 6.

The La Crosse and Milwaukee R. R.

An impression seems to prevail among many of the Eastern Stock and Bond holders of the La Crosse and Milwaukee R. R., that there is a disposition, on the part of the Legislature and People of this State, to embarass the present management of the road, reclaim the Land Grant and stop the progress of the work in its present hands. This impression, though not wholly unfounded, is unquestionably erroneous, and has, no doubt, grown out of the pending investigation before a Joint Committee of the Senate and Assembly, of the circumstances attending the disposition of the Land Grant. The importance of the La Crosse road, as a great thoroughfare, is fully appreciated by our People, and all they ask, at the hands of the present Officers and Directors of the Company, is prudent and honest management. The following article from the Madison State *Journal* of Tuesday, fairly reflects the public sentiment on this point.

LA CROSSE AND MILWAUKEE RAILROAD.—An important bill was introduced last evening by Senator Worthington, extending the time for completing the Land Grant Road from Madison to Portage City one year beyond the date designated in the act making over the grant to the La Crosse Company. Mr. Stanton, the new President of the Company, and Mr. W. A. Guest, one of the principal stockholders, are now in our city, the former in behalf of the Directors, and the latter representing the stockholders. We understand that they promise a thorough re-organization and re generation of the Company, and a sloughing off of the corrupt elements which have made its very name odious; to put it on a new basis, and to introduce into its management those principles of honest, open and honorable dealing which seem hitherto to have been as foreign to the thoughts as they were inconsistent with the objects of the persons who have exercised the leading control in this corporation.

These gentlemen have the reputation of honorable and responsible men. Their character as such is vouched for by those whose testimony is entitled to consideration. If they will satisfy our Legislature that they are prepared to act in good faith and consistently with their professions, they will find no hostility towards them in that body. The people of our State recognize the importance of the early completion of the La Crosse road; they understand fully its advantages as a connecting link in the great thoroughfare between the East and the rising commonwealths of the North West; and they are justly indignant in regard to the corrupt and scoundrelly management that has checked the progress of the work, involved the road in debt, and made its name a by-word and reproach. The past will justify all manner of suspicions, and the utmost scrutiny on the part of the Legislature in regard to those who undertake the work of regeneration. If that body, however, can feel assured of the responsibility and trustworthiness of these gentlemen, it will, we have no doubt, extend to them every favor they can reasonably ask, and give them a cordial God-speed in their enterprise.

The bill introduced by Mr. Worthington has become a necessity, if the La Crosse Company are to construct the Land Grant road at all, and, since Gov. Randall's decision that they must commence the work at Madison, and complete twenty consecutive miles before they are entitled to any of the advantages of the land grant, it is obviously for the interest of the Company itself, to begin at once to prosecute the work in good faith, and with all dispatch, from this point. We therefore hope to see the bill pass, and think that it will not meet with any serious objection.

LA CROSSE LOOKING UP.—The near approach of the "Iron Horse" to La Crosse and, the certainty, since the passage of the Minnesota Loan, of the early commencement of the Root River Rail Road, has given new life to this young city. The La Crosse *National Democrat*, speaking of the Root River road, says:

> This Root river road intersects with the Transit Road about 60 miles west, and thence will continue in due western line 300 miles to the Big Sioux. That this road will be the most important line of railroad in the North West, no one doubts who is acquainted with railroads or the country intersected.

As to the effect of such advantageous Rail Road connections, the *Democrat* thus confidently speaks:

> Our opinion always has been, that with these connections secured, La Crosse, including La Crescent, would be the most important point north of St. Louis. We make no exceptions for St. Paul, Dubuque, or the points below. We have ten times handsomer site than either of them, and shall have better railroad facilities, while our lumber interest, and connection with the iron region of Black river, determine our ascendency as a manufacturing and trading city.

LA CROSSE & MILWAUKEE R. R. DEPOT AT KILBOURN CITY.—The Kilbourn City *Mirror* of May 3d, says: "Mr. Campbell, the depot agent lately appointed for this place, is a gentleman and a first rate fellow; but he finds he has more on his hands than he can attend to. In fact, no two men can properly do the business of the depot. This morning there were five full freight cars to be unloaded, and about five hundred barrels of flour in the depot waiting shipment; and flour continues to come as fast as it can be put aboard the cars, while that in the depot has to remain. Mr. Campbell informs us that there is more business done at this depot than at any other on the line; which corroborates what we have often heard before. And this business will doubtless largely increase hereafter.

PREPARE TO "WHEEL."—The *News* of yesterday, as commandant of the Buchaniers in Wisconsin, after stating that the Ozaukee *Advertiser* approves the action of Congress in passing the English Cheat, issues this order:

"All papers and men who intend to be true, will wheel, or have wheeled, into line on this issue."

Lecompton, you see, is still the only recognized test of "Democracy." No man is to be regarded as "true," who does not square his opinions and his votes by this arbitrary rule.

GREAT WESTERN R. R.—CANADA—MR. PHIN. HOMAN, the well-known and deservedly popular agent of the Great Western R. R. Canada, has removed his office from Detroit to Chicago. Mr. HOMAN, during his connection with the Great Western R. R., has not only made hosts of friends for himself, but secured a large amount of business for the road. Persons going East will do well to give Mr. HOMAN a call. The route by way of the Michigan Central, Great Western and New York Central Rail Roads, is unsurpassed, in point of speed, economy and comfort.

TIGHT TIMES.—We have seen many hard rubs in our day, says an exchange, and have known what it is to want money; but an old settler near Bloomington, Ill., has seen the toughest times of any man we ever heard of. He says the winter of 1830 was remarkable for the scarcity of money; so much so, that one man who was elected Justice of the Peace, couldn't raise enough to pay an officer for swearing him in, so he *stood up before a looking glass and qualified himself*.

VALUABLE DONATION TO UNION COLLEGE.—The well known mineralogical and conchological cabinets collected by Chas. M. Wheatly, Esq., of N. Y., have been purchased for Union College at Schenectady for the sum of $10,000. This sum was paid by E. C. Delavan, Esq., of Albany, and the collections were generously presented by him to Union College, where they have already arrived. These collections are among the best in the United States.—*Silliman's Journal*.

VESUVIUS CHANGING ITS SHAPE.—One of the two cones of Vesuvius, so often described and so familiar to all who have seen the volcano, or its representations, has been blown into the air, and the conformation of the mountain has been completely changed.

The Proposed Insurance Law.

MESSRS. EDITORS:—An article appeared in your daily issue of the 26th instant, in which an argument is attempted to be made against the passage of the Act now pending in the Legislature, one of the clauses of which provides that all insurance companies chartered by the laws of other States, shall, before doing any business in this State, deposit with the State Treasurer $25,000 worth of State or U. S. Stocks, at market value, as security for the payment of losses occurring to our citizens; and this clause arouses an intense opposition among the representatives of foreign insurance companies; and the intensity of this opposition is in exact proportion with the worthlessness of the companies represented; and the reason of this is most apparent—it would drive them out of a business by which they swindle our citizens out of thousands of dollars annually. We scarcely hear of a fire in one of our towns without also hearing that some of the policies of insurance are worthless. Now, the law proposed would put a stop to this style of business instanter; and the quicker it is done, the better for all the people of this State, except a few sharking agents of foreign insurance companies, which can do no business where their management is located, for the reason that they either refuse to pay entirely, or avoid it by some disgraceful quibble, whenever a loss occurs to them.

Your correspondent proposes that foreign companies shall be forced to report to the Secretary of State, annually, the state of their affairs. It would be a very easy matter for the most shaky of them to make out a good looking state of affairs by their own showing once a year, and no conceivable good can come of it except that it would be a good advertisement to facilitate their plundering operations. What security would these annual statements, or mis-statements, be to a policy holder who meets with a loss? Anything more farcical than the annual reports of corporations of this kind cannot well be imagined. How easy a matter it is for an Insurance Company to put itself into good condition *for one day*, may be inferred from the fact that while dozens of foreign companies, doing business in the States, have failed within the last year, leaving their worthless policies in the hands of our swindled citizens, yet every one of them had been able to make a magnificent report within the preceeding six months, upon which they obtained a certificate permitting them to do business in our State.

"JUSTICE" says that it will drive out of the State all foreign companies, with an immense amount of capital and "valuable protection."—We differ on this point. We believe it will drive out a large squad of worthless concerns, with neither capital nor reputation, and the people will be the gainers thereby; but no sound eastern company, with good reputation and commanding business, will be driven out of the State at all. If their charter will not allow them to make this deposit, let them have their charters amended so as to conform to such laws as we need for protection against swindlers.

Does any man suppose that such wealthy companies as the Ætna, the Home, the old Hartford and their class, will relinquish their immense business in this State on account of a deposit required of $25,000 worth of interest paying securities? Most certainly they will not. But supposing they should—Wisconsin and her citizens will stay, and if relieved of the ruinous and reckless competition of irresponsible companies from abroad, plenty of capital would go into the business to give us all the insurance we need, and at any rate we might better have none than that which cannot be relied upon in case of disaster.

To illustrate the frailty of these eastern institutions, it is only necessary to say that since 1853 over sixty insurance companies, located in the State of New York alone, have failed, almost the entire business of which was done in the western States.

"JUSTICE" states that the laws of Pennsylvania, Ohio, Indiana and some other States requires that, in case of deposits being required by any other State from foreign companies, then they shall make a like deposit in those States.—A careful examination of the laws on insurance of those States discloses no such thing and this is a mere pretence; but we can see no impropriety in such laws, and good companies can comply with them if they wish, and do immense business to the exclusion of irresponsible concerns and affording "valuable protection" to insured parties.

The passage of this law would put the insurance business of the State on a safe foundation, and it should become a law for the good of the people and for the benefit of all sound insurance companies.

It is proposed by some parties that our home Companies should each deposit $10,000 worth of securities at market value. An amendment of this kind to the bill would encounter no opposition from any quarter, and would doubtless have a wholesome effect. The same rule applies to this proposition that does to to the other, *i. e.*, good home companies will cheerfully comply, and those that will not should be shut off.

At the date of this writing, there is due to property holders and merchants for losses by the burning of the United States Block, in this city some four years ago, about $56,000 which they will never obtain. Let us have protection from such swindling. CAMEO.

Mississippi Pirates Caught—$5,000 Worth of Property Recovered.

From the North Iowa Times, Extra.

In our last issue we gave a brief account of a system of Thieving that seemed to have been successfully carried out in this vicinity for the last few months. We now have the gratification of announcing the discovery of some of the robbers and the rescue of a large amount of Merchandize belonging to the neighborhood. As it is our design to publish in our regular issue (which will be delayed to obtain the facts which may be elicited on an investigation) a full history of the developments which the past week has exposed, we forbear a minute detail of matters as they now present themselves. There may be cause for change of opinion in relation to certain parties—hence the general absence of names in this article.

The Rendezvous of the Robbers of the Upper Mississippi, has been for a year past, the Old Ferry Building on the west side of the River from the Prairie du Chien Upper Ferry. At that place Goods have been stored from points as high up as La Crosse, and if the statements of prisoners can be relied on, there have been fitted out at that place more expeditions than one to the lower river.

It seems a carpenter named Ralph, his last name we have not learned, has been in the employ of the Robbers for several months, building boats, &c., &c., preparatory to a voyage down below. One day last week a quarrel ensued between Ralph and some of the party, which resulted in Ralph's exposure of the villains.—Ralph came down to McGregor and gave such information in relation to their practice and plans as led to an immediate organization for their detection.

On Friday morning last Constables Kee and Brown of McGregor, and several of our most active citizens, left this place for the Island known as Big Island opposite the mouth of Sni Magill Creek, about five miles below this, and nearly opposite Wyalusing. The river at present is very high and scarcely any portion of the Island is out of the water, and hence the skiffs of the adventurers had access to almost all portions of the suspected territory. After a thorough reconnoitre, the boat containing Kee, Ralph, and our fellow citizen Sandford L. Peck, Esq., discovered a tent or camp on the Island in which were found Geo. Scivillo an English butcher of McGregor, a man partly blind, named Howell, and a boy 9 years old, whose name we have not learned.—These were captured and from them it was ascertained that a man calling himself Dr. Bell (a veterinary surgeon, late partner to Joseph Bayless of this vicinity,) was in command of a boat moored in some of the sloughs of the Island, and that said boat was loaded with stolen Goods to the amount of several hundred dollars. On the next morning Kee, Peck and the boy proceeded to look up the boat and having discovered it, came up to within close distance before any signs of life were exhibited on board. The barking of a dog on the pirate vessel roused its Captain and he sprang out on the bow in his shirt—seeing the boy it is supposed he took the party for friends and remarked that his "wife was not up" requesting them to "hold on." At this moment the skiff being near to the bandit, Kee was leaning forward to make a prisoner of him when Bell's countenance assumed a demoniac appearance, he sprang into the boat, presented a revolver at the door of it and screamed to the party "God damn your souls I'll blow you to hell." Without further invitation Mr. Peck, who was in the line of danger, fired his revolver as he supposed fatally—Bell fell back wounded, and in a few seconds a pistol shot passed through the side of the boat from the chest on which Bell had fallen. Believing that Bell was seriously wounded, and having heard that his wife was a practiced gunner, the assailing party deemed it most prudent to return to McGregor for a force sufficient to secure the boat and bring it into port. Brown and Woodcock in the mean time separated from them the night before and had gone to Clayton City.

Immediately on the arrival of Kee and Peck with their prisoners, the report of the succes got wind and the town was soon at boiling heat.—Capt. Nelson of the Alex. McGregor was prevailed on to run his boat down to the battle ground, and about 50 persons comprising many of our best citizens, armed with such weapons as could be conveniently obtained, enlisted for the war. The Alex. McGregor took the passengers down to the vicinity of the boat but during the passage three suspicious looking customers were arrested on board, and the *McGregor* carried them to Prairie du Chien, where it was learned that a heavy robbery of jewelry had been committed the night before.

The adventurers found the boat on which Bell was shot, but the bird had flown. Mrs. Bell and her young child remained on board. A guard was detailed and upon farther exploration two more boats loaded with plunder were found farther down the River—the first boat was fastened to the steamer Pembinaw of St. Louis, and brought to our wharf the same evening. The other pirate crafts were towed to Clayton City by Capts. DeHaven and Goodrich of the Junction Ferry Line, and remained there in charge of as jolly a set of McGregorites as ever captured a prize. On Sunday the Alex. McGregor with two or three hundred citizens on board left her wharf and proceeded to Clayton City to bring up the plunder and the victorious band who had it in charge. When near that place the Fred. Lorenz was met with the booty in tow and such a time of cheering and rejoicing was never heard before on the Mississippi.

By request the *Lorenz* detached her pirate consort and the McGregor took the passengers on board and the freight in tow. Stopping at Wyalusing we learned that the village physician had been called that morning to take a ball out of the head of a stranger who had stopped half a mile from there to get his breakfast. A committe of six was appointed to scour that section of the country. The committee has since returned unsuccessfully. The goods are placed in the hands of Deputy Sheriff Tuttle, and among them is every conceivable article, of value that could tempt the cupidity of a thief. Whole stocks of Dry Goods, Boots and Shoes, Books, Drugs, Clothing, Household goods, Liquors, Groceries, Provisions, Stoves, Grindstones, &c., &c., prove the industry of the robbers and the extent of the band. There is not less than from 4 to $5000 worth of property already secured, and the Vigilence Committee have dispatched men to other depots where it is expected plunder is stored.—Many of the articles are identified. This robbery has been going on for nearly a year, and it is feared that many men heretofore regarded as honest will be found deeply implicated in this astounding villainy.

Rumors of all sorts are afloat. The prisoners arrested are beginning to confess and expose their accomplices. Bell is evidently badly hurt and not far distant, the officers are on the alert and it is to be hoped that this is to result in the breaking up of one of the most formidable bands of robbers ever organized in the West. The name of John C. Bishop, the Osage Land Robber, is connected with this party, and it is believed by the prisoners that a boat containing $10,000 worth of Goods from La Crosse and other towns, left the depot first spoken of on the 15th of last month for the benefit of said Bishop; said boat was seen near Muscatine two weeks ago bound for St. Louis.

As Bell is doubtless in the neighborhood, we will say that he is a well made man, about 35, weighs 160, sandy complexion, large red whiskers and has a bullet mark from his forehead round to the but of his left ear—this last mark is a very significant one just now. We have no time for farther comments, and it is probably not advisable to say more at present.

Our regular issue will appear on Thursday or Friday when we expect to be in possession of details that will be of great interest to the whole West.

P. S.—We learn that the Vigilance Committee at Prairie du Chien have already arrested 14, and that as the rope is applied to the necks of some as a persuader, they are telling all they know with great liberality.

Let the good work go on!

TO THE LADIES OF LYNCHBURG.—Come and see, you lame and suffering! Oh, you Rheumatic and Dying, you shall be relieved in twenty minutes by the application of Prof. De Grath's Electric Oil, from No. 39 South Eighth st., Philadelphia. More than thirty have been cured in this place, in the last few days, of Rheumatism, Sprains and Bruises, Sores, Fresh Cuts, Swollen Glands and Neuralgia, relieved in from three to twenty minutes. Better still: Mr. Welch, of Buchanan, had been lying in his bed over a month with Swollen Glands in his throat, and the doctors gave him up of being cured. Last Saturday, a week ago, he was taken very suddenly and could not breathe, and all expected him to die. Mr Williams, a merchant of Buchanan, advised his wife to apply some of Prof. De Grath's Electric Oil. She did so, and in fifteen minutes it broke, and he was entirely relieved. One gentleman came up to the Agent of Prof. De Grath, at the Market House, with the Rheumatism in his ankle, of six months' standing, unable to walk, and was relieved in fifteen minutes by the application of the Electric Oil. Don't be without it. It is a family medicine.

WOOD'S HAIR RESTORATIVE.—This wonderful preparation is having an extensive sale in all parts of the Union. It is one of a few patent medicines which are now sold over the country, that are really what their inventors claim for them. Wherever it has had a fair trial, the result is precisely as Wood predicted. It has never failed to turn the white hair back to the natural color, where the directions have been strictly followed, and in numerous cases it has restored the hair upon heads that have been bald for years. It is not pretended that it will make the hair grow in every case, but where it fails there is certainly no remedy. The restoration of the hair has been effected in so many instances where the case seemed utterly hopeless, that it is certainly worth while for all who have lost their hair to try the experiment of using a bottle or two of Wood's Restorative.—*Moline Workman*.

This is by far the most ABSORBING and THRILLING TALE OF LIFE AMONG THE INDIANS ever published. The Heart-rending trials, Sufferings and Privations of the lovely heroine, BLANCHE BERTRAND, whose life was in constant peril, and who suffered more than pen can relate, during her captivity, will enlist the SYMPATHIES of every reader.

The popular and distinguished author has executed his task in a masterly manner. In this class of Tales it is universally admitted that he has no equal at the present day. In speaking of this new Tale, the *Ledger* says:—"It is a narrative of wild and perilous adventure among the savages of our western border, and is full of stirring incidents, intensified by poetic fire and mellowed by subduing pathos. At the outset it takes hold of the heart with a vigorous grasp, and leads the imagination captive."

The NEW YORK LEDGER also contains contributions from the pens of the following distinguished writers:

GEO. D. PRENTICE,
MRS. L. H. SIGOURNEY,
T. S. ARTHUR,
SYLVANUS, COBB, JR.,
FANNY FERN,
ALICE CAREY,
EMERSON BENNETT,
WILLIAM ROSS WALLACE,

And a host of other popular authors, whose names constantly appear in its columns.

As an indication of the popularity of the LEDGER, we need only mention the simple fact that its circulation is larger than that of any TEN literary papers in the country. Its great success is owing to the fact that it secures the best writers in the country, and spares no expense in getting up the BEST FAMILY PAPER—a paper of high moral tone.

The exalted reputation of its well-known contributors, the practical and unmistakably pure and healthy character of all its articles, and the care which is taken that not even one offensive word shall appear in its columns, have gained for the NEW YORK LEDGER a position that no literary paper has ever before occupied. We feel, and always have felt, since the LEDGER attained its immense circulation, that a tremendous responsibility rested on us, and have endeavored to discharge that responsibility conscientiously, feeling confident that ultimately we should receive the thanks of thousands and tens of thousands of families.

The LEDGER is for sale every week at all the periodical stores throughout the United States.

The subscription price is $2 per annum when sent by mail, but no subscriptions are wanted from towns where there are news offices established. ROBERT BONNER, Proprietor,

☞ An American artist, long domiciled in Europe—himself born and reared, if we mistake not, in the Slave region—sends us across the sea the subjoined stirring words of cheer to those who are struggling in Congress against the consummation of the enslavement of Kansas. The interest wherewith this struggle is regarded in Europe by all who love the cause of Human Liberty and Progress is most intense, and is equally manifested by those born in either hemisphere. Distance in space and in time is in important respects the same; and we cannot doubt that the voice of future ages is borne to the ears of the battlers against the Lecompton fraud in the following:

THREE CHEERS FOR THE RIGHT.

God speed the right! The wanderer looks across the Atlantic sea,
America, my native land! and hopes and prays for thee.
Amid thy council chambers, where the fight goes bravely on,
God grant the cause of Freedom, Truth and Justice may be won!
Heaven bless the earnest workers there—in voice, in heart, in thought,
And bring the politicians' plots and sophistries to nought.
Fight out the fight! God speed the right! Down with their knavish tricks,
And save the nation with the good old faith of Seventy-six.
Now is your time or never, with the people's flag unfurl'd,
To speak for Right—to prove your might, before the witness world.
Three cheers for all the champions there who dare maintain the right,
Watching and working at their posts—awake by day and night—
The stewards faithful to their trust—of uncorrupted worth—
The hosts of true, keen-thoughted men who represent the North.
Three groans for recreant Northerners—your Dixes, H O Lanell's,
And the three thousand thirty-three who follow the sheep-bells.
Deserters from the freemen's rank,—the platform high and broad—
Work tools of Slavery and of force, of jugglery and fraud.
Three cheers for valiant Southerners and Westerners that rise—
Three cheers across the Atlantic for Douglas and for Wise,
For Harris, Walker, Stanton, for Crittenden and all
Who don the shining armor at an injured people's call!
Three groans for poor Buchanan! who ventured much too nigh
The reef his ship is stranded on. We'll leave him high and dry
To warp and blister in the sun, where nothing more avails
The sighs or blusterings from the South that seek to fill his sails.
Three cheers across the Atlantic for Kansas' struggling sons!
Three groans for Border Ruffians and the reign of knives and guns.
Three rousing cheers for freemen's votes—unfettered and unbought!
Three groans for poor King Bogus, and all the harm he wrought.
Three cheers for January Fourth—for sunrise and for life!
Three groans for old Lecompton, that smoking torch of strife.
And you, brave brothers everywhere—from South, from West, from North—
All ye who prize the People's voice, where'er it issues forth,
Who scorn to yield to bribery, nor quail at bullies words,
Nor think that Might can make the Right, though backed by clubs and swords.
Brave bones and muscles of the land, long live your health and force!
Long may your strength endure and grow, till ye fulfil your course!
We send across the ocean wave three cheers and three times three—
God send the light, and speed the Right, and help the true and free! C. P. C.
Paris, April 8 1858.

Gen. Twiggs before the Court Martial at Newport, Ky.

The Cincinnati papers, of Saturday, publish the concluding scenes of the court martial at Newport. The *Commercial* says:

When Mr. Brewster finished reading, General Twiggs rose and said:

"By permission of the court I will conclude my defense by reading the letter of the secretary of war which condemned me," and read orders No. 4 as above, and commented upon it as follows:

"I ask the court," said he, earnestly, "did it ever before see such an order to an officer?—When I published that order I considered I had executed myself. If I used language in endeavoring to justify myself, capable of misconstruction, I cannot help it. I am not responsible for the misconstructions of others. I used language in common use, which had no other meaning than what it immediately expressed. I may have been unfortunate in the use of terms, but *my error was of the head, not of the heart.* As for being disrespectful to the President, or assuming to revise his decisions, I consider the charge too ridiculous to notice. I conceive this court martial to have grown out of an entire misapprehension of facts by the secretary of war.—Had they been correctly understood, I had not been a prisoner to-day before the court. I have no more to say."

POPULAR IMPRESSIONS.

A buzz of approbation was heard among the spectators, and vehement applause was only restrained by the impressive dignity of the court. The effect of the defense upon all, however, was electrifying. The demeanor of the old war worn veteran in the delivery of his brief, simple, but telling peroration, was inspiring. He raised his tall form to full height, and repelled the accusations against him with thrilling energy and noble dignity. He manifested how deep was his sense of the reflections intended to be cast upon his fair fame, and maintained it with the lofty spirit and unyielding courage of a soldier who deserves well at the hands of his country. The spectacle was exceedingly impressing—such an one as few men witness in a protracted life-time.

It is superfluous to say that popular sympathy was warmly enlisted in favor of the noble old general from the reading of the charges until the close of the trial. Civilians regard him as the intended victim of petty tyranny, and of the absurd punctilio of a newly fledged military commander, dressed in the "little brief authority" of secretary of war.

The *Gazette*, in commenting on the affair, says:

"The concise and respectful paper put in by the general as his defence, was an admirable vindication of his whole course in this matter, and had a visible effect upon all who heard it.—Equally in his favor was his letter to the secretary of war, in which all intentional disrespect and insubordination were disavowed, solemnly and on his honor.

Though the able judge advocate, Major Lee, did all that the case admitted to sustain the charges made; it was a palpable failure, a most lame and impotent conclusion, from the utter want of any foundation for a case.

It will not be easy for the blundering Mr. Floyd to atone, to public sentiment, for the indignities he has heaped upon this gallant general. It is intimated, with what justice we know not, that an old grudge of the President has something to do with this foolish attempt to bring odium on Gen. Twiggs. We dislike to believe it. The General himself has evidently not had such a suspicion, against either the President or Secretary. But if the former were the instigator, it affords no excuse for the latter.

Whatever the result of the finding, we are certain that the substantial triumph will remain on the side of Gen. Twiggs. Here, there is no difference of opinion as to the case, and no lack of indignation against the unlucky Secretary who, whether ignorantly or otherwise, has thus been the instrument of a "gross" wrong to a faithful general, and of disgrace to the executive branch of the government.

The finding of the court must first be sent on to Washington for approval, and will be made public thereafter by the President. We trust that sufficient light will be gained by the Secretary meanwhile, to show him the propriety of meek acquiescence, should his discomfiture prove to be as complete as we anticipate it will be.

THE WHEAT CROP.—The Washington county *Democrat* says that the winter wheat looks well in that vicinity; and the farmers, it says, are putting in an unusual amount of of spring wheat this season. The low prices do not seem to frighten our agricultural friends at all.

We find similar accounts in our exchanges from all parts of the State.

FIRST QUALITY, at JAMES BARSHAW'S

MEDICAL.

ONE DOLLAR
WILL BUY

ONE OF THE BEST PURGATIVE and Liver Medicines now before the public, namely DR. SANFORD'S INVIGORATOR, or LIVER REMEDY that acts as a *Cathartic*, easier, milder and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject the morbid matter, then on the stomach and bowels, to carry off the matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it, and when taken in moderate doses will strengthen and build it up with unusual rapidity.

SANFORD'S LIVER INVIGORATOR!

DR. SANFORD'S INVIGORATOR is compounded entirely from new articles of medicine, viz: Gums.

Some idea of the strength of these gums may be formed when it is known that one bottle of the Invigorator contains as much strength as one hundred doses of Calomel without any of its deleterious effects.

Though possessing rare medicinal powers, these Gums have been but little known to physicians, and never used in their prescriptions until used in the form of the *Invigorator*, which met with such unprecedented success as to induce the proprietor to offer it as a family medicine tried and known in its effects. It has rarely ever failed to cure Liver Complaints in their worst forms.

INDIGESTION being caused by a deranged Liver is cured when the Liver is excited to action.

JAUNDICE is caused by the improper action of the Liver, and as a proof that the Invigorator relieves this disease, let any one troubled with Jaundice take the Invigorator regularly one week, and their skin will begin to assume its original color.

COSTIVENESS can be permanently cured by the Invigorator. Take it in small doses on retiring, and it assists nature in her operations. By gradually diminishing the dose, the bowels are left in a healthy and active state, and work as regularly as clock work.

SICK HEADACHE is very soon relieved by taking a double dose of the Invigorator, which corrects all acidity and sourness of the stomach.

For an overloaded stomach it has no equal, as it relieves all oppressive or uneasy feeling after eating heartily. For a *family medicine* generally, all who use it speak in the highest terms.

DR. SANFORD'S INVIGORATOR came to us recommended to us a cure for Liver Complaints, and all diseases arising from a diseased Liver. The testimonials of so many of our Physicians in its favor induced us to try it, and now conviction is certain that it is one of the greatest blessings ever given to Dyspeptics, for it made a complete cure before the first bottle was taken, and now we can eat anything edible without trouble, while before nothing but the lightest food would digest, and often that gave pain. Now what we want to say to all our readers is, if *Liver Complaint* or *Dyspepsia* trouble you, do not fail to try this the greatest remedy in the world.—*State Fact.*

We take infinite pleasure in recommending this medicine as a preventative for FEVER and AGUE, CHILL FEVER, and all FEVERS of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

There has never been tried in our family a remedy which has met with such unbounded success in the cure of diseases incident to children, as DR. SANFORD'S INVIGORATOR; nor is it alone for diseases of children that we use it; for it acts as a Cathartic so mildly and gently, and seems to renovate the system so thoroughly that we think we are doing a service to all in advising them, when they need medicine, to try this remedy. There are cases that have come under our notice where great benefit has been received in diseases of the Liver, Stomach and Bowels, where all other remedies failed to give relief. It has become so useful in our family that we will not be without it.—*Jacksonville, Ala. Republican.*

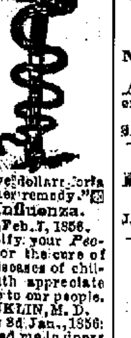
AYER'S
CHERRY PECTORAL!



FOR THE RAPID CURE OF
Coughs, Colds and Hoarseness.

BRIMFIELD, Mass., Dec. 20th, 1855.

DR. J. C. AYER—I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a Cold, is your Cherry Pectoral. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints. EBEN KNIGHT, M. D.

A. B. MORTLEY, Esq., of Utica, N. Y., writes: "I have used your *Pectoral* myself and in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should sooner pay twenty-five dollars for a bottle than do without it, or take any other remedy."

Croup, Whooping Cough, Influenza.

SPRINGFIELD, Miss., Feb. 7, 1856.

BROTHER AYER:—I will cheerfully certify your *Pectoral* is the best remedy we possess for the cure of whooping cough, croup, and the chest diseases of children. We of your fraternity in the South appreciate your skill, and commend your medicine to our people. HIRAM CONKLIN, M. D.

AMOS LEE, Esq., Monterey, Ia., writes 3d Jan., 1856: "I had a tedious Influenza, which confined me in doors six weeks; took many medicines without relief; finally tried your *Pectoral* by the advice of our clergyman. The first dose relieved the soreness in my throat and lungs; less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."

Asthma or Phthisic, and Bronchitis.

WEST MANCHESTER, PA., Feb. 4, 1856.

SIR:—Your *Cherry Pectoral* is performing marvellous cures in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years. HENRY L. PARKS, Merchant.

We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its effects upon trial.

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to those the *Cherry Pectoral* affords relief and comfort.

Consumptives do not despair till you have tried AYER'S CHERRY PECTORAL. It is made by one of the best medical chemists in the world, and its cures all around us bespeak the high merits of its virtues.—*Philadelphia Ledger.*

A RETIRED PHYSICIAN,

SEVENTY-FIVE YEARS OF AGE, whose sands of life have nearly run out, discovered, while in the East Indies, a certain cure for Consumption, Asthma, Bronchitis, Coughs, Colds and General Debility. The remedy was discovered by him, when his only child, a daughter, was given up to die. Wishing to do as much good as possible, he will send to such of his afflicted fellow-beings as request it, this recipe, with full and explicit directions for making it up, and successfully using it.—He requires each applicant to inclose him one shilling—three cents to be returned as postage on the recipe, and the remainder to be applied to the payment of this advertisement.

DYSPEPSIA AND FITS.
DR. TRACY DELORME,

THE Great Curer of Consumption, was for several years so badly afflicted by Dyspepsia, that for part of the time he was confined to his bed. He was eventually cured by a prescription furnished him by a young clairvoyant girl. This prescription, given by a mere child, while in a state of trance, has cured everybody who has taken it, never having failed once. It is equally as sure in cases of FITS and DYSPEPSIA. The ingredients may be found in any drug store. I will send this valuable prescription to any person on the receipt of one stamp to pay postage. GRAIN CLEANER & SEPARATOR
HORTON'S PATENT

G. B. BINGHAM & BRO.,
Sole Manufacturers in Wisconsin.

THIS MACHINE is of recent invention, and surpasses all others in use for its perfections as a thorough Separator and Scourer. It has given entire satisfaction in New York, Pennsylvania and other States where it has been introduced, and we are confident it is better adapted to the cleaning of Western grain than any other ever introduced into this State. It is fire proof, not liable to get out of repair, requires but little power to run it, and the scouring cylinder is so constructed as to render it unnecessary to be renewed for years. We respectfully invite all Western Millers to give us a call, and examine our machine, at the Bay State Foundry, Florida st., Milwaukee, Wis.

Being long established on a cash basis, the troubles of the credit system affect us in no material particular.

During "hard times" the security of reliable Insurance is an imperative duty—the ability of property owners to sustain loss being then much lessened.

THE DAILY SENTINEL

Lumber on the Wisconsin River.

We are informed, on reliable authority, that the prices of lumber have suffered a heavy fall. The amount of lumber that has already been rafted down, is quite up to the quantity that usually passes at this season of the year; and immense quantities still remain in the pineries to come down this summer. One mill at Wausau has 2,000,000 feet not yet rafted.

We know that this is against the predictions of many of our retail lumbermen during the past winter; but the amount of lumber cut in the Wisconsin pineries, the past winter, has been unusually large. This is to be accounted for, from the low prices of wages and provisions, and the great abundance of labor; in fact, in many cases labor could be obtained for mere board.

The number of "squatters" on Uncle Sam's dominions has also been unusually large, and the river has been swarming with small rafts, got out by these fellows who had nothing to do, to occupy the past winter.

It could hardly be otherwise, than that prices should rule low; and common lumber is selling in the raft, at all points below the Wisconsin river, at $4 to $5 per thousand. These prices are difficult to obtain, and a gentleman from Cassville informs us that a "raft was purchased at that place for $4 per thousand, and paid for in store goods, at a handsome profit."

At Lyons, and all points on the Mississippi the prices are very low. Seasoned, clear lumber at Cassville, retails at $10 per thousand.

Messrs. Nebel & Bro., of Sauk City, recently purchased a raft of 4000 feet of hewn timber, twelve inches square, for three cents per running foot, and paid in store goods. The quality of the timber was A. 1. It was purchased on speculation and run down the river, but only four cents in store goods could be realized.

In the months of June and July, when the river has fallen so as to interfere with the rafts, our informant is confident that lumber can be purchased on the river at from $3 to $5, cash, per thousand. First quality shingles are now worth from $2 to $2,75 per thousand.—*Madison Journal.*

Another Boy Preacher.

A little boy, only 15 years old, and small for his age, has been preaching to the Baptists in this city! He belongs to the church in Christopher street, where he preached on Monday two weeks, on Thursday week, and last Sunday evening. On Thursday evening he preached his fourth sermon in the lecture room of the Oliver Street Church, before an audience curious to hear what sort of a sermon a boy of fifteen could deliver. Several clergymen were present. They saw a little fellow, short and slender, but with a very bright, manly face, occupy a pulpit alone, and preach a sermon half an hour in length, in a style graceful at times, never ostentatious or egotistical, and earnestly evangelical throughout. The matter of the sermon, which was from the text, "What shall it profit a man if he gain the whole world and lose his own soul?" was what had been taught him, and nothing more—a plain, simple declaration of the faith which he, as a Baptist boy, had learned from a good Baptist mother, and from their sermons every week. It was the average sermon, and, if printed, would be remarked only because delivered by a boy of fifteen. But his possession in the pulpit is so perfect; his appearance is so fine and earnest and manly; his voice—although in order to make himself understood, he is compelled almost to drawl his words—is so sweet, and often so finely undulated, and his sentences are always so ready, and usually so good—sometimes even approaching a certain simple eloquence—that a great many people will go to hear Ormond Kennedy, and will be benefitted by it. A slight Irish accent scarcely mars his delivery.—*N. Y. Tribune.*

Latest Improvement—Watson's Patent.

THE MANUFACTURER and Agent desire to call the attention of the public to this cheap labor saving machine, and now, since the great improvements which have been added to it, recommend it with the utmost confidence, as it has been in operation in this city a sufficient length of time to prove its utility. These machines are made strong and durable, and with one-fourth part of the care required to manage a higher priced machine. They will do as much work, and as well as the most expensive. Each machine is thoroughly tested before it is sold, and warranted to give satisfaction, if the instructions are followed with even an ordinary amount of care, and will be kept in order one year free of charge.

Price of improved machine, complete, (including stand,) $35. Persons wishing to purchase a machine are invited to bring their work with them and test the machine to their entire satisfaction, before purchasing.

☞ Passengers wishing to go by this desirable and pleasant Route, should be particular and ask for Tickets by Fort Wayne, avoiding the annoyance of re-checking baggage as by other Routes.

Trains leave Depot on VAN BUREN ST., daily as follows:
6:00 A. M. 8.45 P. M.
With but one change of cars to Pittsburgh.
CHECKING BAGGAGE THROUGH
To Pittsburgh, Philadelphia, Baltimore and New York. Connecting directly with trains on the great Pennsylvania Central Railroad, to all Eastern cities. Also, with Cleveland and Columbus Railroad to Cleveland, Dunkirk, Buffalo, Niagara Falls, via New York Central and New York and Erie Railroads to New York and Boston.

Persons going East will find this route by far the most desirable both from the advantage in point of distance, variety and beauty of the country through which the roads pass, as well as the less frequent changes of cars, and the annoyance of re-checking baggage required by other routes.

Facilities for the transportation of Freight and Live Stock by this route, are unsurpassed. Rates as low as any other route, and with equal dispatch.

Tickets for sale at all the principal ticket offices at the West, and at the Company's Office, No. 30 Dearborn St., opposite the Tremont House, Chicago, and at the office of the Lake Shore Railroad, Milwaukee, by A. G. Leland.

MEDICAL.

THE GREATEST MEDICAL DISCOVERY OF THE AGE.

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures
EVERY KIND OF HUMOR,
FROM
The worst Scrofula down to a common Pimple.
He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.
Two bottles are warranted to cure a nursing sore mouth.
One to three bottles will cure the worst kind of pimples on the face.
Two or three bottles will clear the system of biles.
Two bottles are warranted to cure the worst canker in the mouth or stomach.
Three to five bottles are warranted to cure the worst kind of Erysipelas.
One to two bottles are warranted to cure all humor in the eyes.
Two bottles are warranted to cure running of the ears and blotches among the hair.
Four to six bottles are warranted to cure corrupt and running ulcers.
One bottle will cure scaly eruptions of the skin.
Two or three bottles are warranted to cure the worst kind of ringworm.
Two or three bottles are warranted to cure the most desperate case of rheumatism.
Three to four bottles are warranted to cure salt-rheum.
Five to eight bottles will cure the worst case of scrofula.
A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, MASS.
DEAR MADAM:—The reputation of the Medical Discovery, in curing all kinds of humors, is so well established by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skilful physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of those diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother
NURSING SORE MOUTH,
is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.
In the more advanced stages of
CANKER
it extends to the stomach, causing
DYSPEPSIA,
which is nothing but canker on the stomach; then to the intestines and
KIDNEYS,
creating a sinking, gone feeling, and an indifference even to the cares of your family.
Your stomach is
RAW AND INFLAMED,
your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to
CURE;
Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases the
PILES.
How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the
MEDICAL DISCOVERY
you have both the preventive and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,
DONALD KENNEDY.

AGENTS WANTED.
THE GREAT GIFT SALE of Gold Pencils, by A. H. Wilford & Co., Washington City, D. C., offers an excellent chance to Agents to make a few dollars with little or no expense. We are manufacturing and selling beautiful solid Gold Pencils for $5 each, (the actual retail price,) and giving each purchaser a gift, worth from one dollar up to two hundred dollars. Each purchaser of a Pencil is sure of a $2 gift at least, for it may be worth $5, $10, $15, $20, $30, $50, $75, $100, or $200. The prizes are distributed to purchasers by a simple plan of drawing, and as soon as the name of a purchaser is received with the $5, his Pencil and Gift are put in a small box, in a safe manner, and sent to the owner by mail, post paid. Our plan gives perfect satisfaction, as each purchaser can be sure of receiving his Pencil for all it costs him, and retain the gift *gratis.*

We want a good agent in every part of the country, to solicit purchasers, and a good agent, to be successful, should first have a Pencil and Prize to exhibit. We allow an agent one dollar cash for each purchaser he obtains, which amount he may retain out of the $5; and the first person becoming a purchaser in a neighborhood will receive the agency for that neighborhood.

A NEW AND IMPORTANT IDEA.
We propose to let a person know what gift he will draw, before requiring any money to be sent. Any person desiring one of our massive Gold Pencils, can first send us their name and address, and we will make their drawing and inform them by return mail what prize they drew. They can have the privilege of sending for it if they choose. We cannot, however, give this privilege but once to any person, and to those who wish to establish Agencies, and introduce our Pencils in a neighborhood. After a person becomes a purchaser and accepts the agency, we require all persons in that locality to send their $5 in advance through him. Purchasers may rely upon it that we will promptly forward their Pencil and Prize, whatever it may be, by return mail, on receipt of the $5. Full particulars, with a plan of distribution, will be sent to each person making application for a drawing. Address

We have laid off the balance of our original purchase on Spring street—in lots, and now offer them on the same easy terms. We sold over one hundred dollars of purchase money down, and three dollars per month thereafter, WITHOUT INTEREST. The lots are beautifully situated on high ground in a healthful locality, and embrace some of the finest views about the city. They will bear examination.

The very low price at which they will be sold, together with the terms, commend them to the attention of all classes who desire a home and exemption from rents.—Young men, mechanics and laboring men, and others whose present small earnings may be profitably invested in this way, will find them within their reach. We have an agent on the property every day, after 3 P. M., to show the lots.

Private and Confidential Medical Advice.
AT THE MILWAUKEE Venereal Hospital, established for the cure of Syphilis, Seminal Weakness, and the infirmities of youth and maturity, by Dr. Barnes.
Dr. BARNES takes pleasure in announcing to the afflicted—the suffering victims of Syphilis, Seminal Weakness, and other diseases of a private nature—that he is now permanently located at No. 19 Wisconsin Street.
READ AND REFLECT.—The afflicted would do well to reflect before trusting their health, happiness, and in many cases, their lives, in the hands of physicians ignorant of this class of maladies. It is certainly impossible for one man to understand all the ills the human family are subject to.
YEARS OF PRACTICE, exclusively devoted to the treatment and study of Syphilis, Gonorrhoea, Gleet, Stricture, effect of solitary habits, ulcers upon the body, throat, nose or legs, pain in the head or bones, [illegible] and all Mercurial Affections, and all impurities of the Blood, whereby the constitution has become enfeebled, enables the Doctor to offer relief to all who may place themselves under his care.
Dr. B. makes no charge for short consultation.—Those requiring much advice should enclose a small fee sufficient to compensate for the time required to write the answer.
